Appearances: Ian McAndrew for Coalition of Associations and Unions of State Employees/State Park Peace Officers Association of California; Barbara T. Stuart, Attorney for Office of Employee Relations.

Before Gluck, Chairperson; Moore, Member.

The Coalition of Associations and Unions of State Employees/State Park Peace Officers Association of California has asked that the record in the SEERA Phase III exclusionary proceedings be reopened so that new or additional evidence and further argument as to classifications in UNIT (Protective Service and Public Safety) may be asserted.

The exclusionary hearings regarding this unit were concluded in January of 1980. The Board itself accepted jurisdiction, and the case is now before us for determination.

All parties to this stage of the proceedings were afforded a full and complete opportunity to participate and present their case.

The request to reopen the record is DENIED.
